Minnesota Department of Public Safety
State Fire Marshal Division

Ethanol Emergency Response Training

What is it?
This training will focus on important safety considerations related to ethanol, and the transportation of ethanol and other hazardous commodities through your community. The State Fire Marshal Division encourages departments, mutual aid partners and agencies with ethanol facilities and ethanol transportation through their communities to schedule a training.

Who is it for?
- Fire departments
- Police departments
- Emergency management agencies
- Sheriffs' departments
- Emergency medical services

Topics
- The properties and characteristics of ethanol.
- Placards and identification of ethanol and hazardous materials.
- Additional hazardous commodities transported in Minnesota.

How much is it?
Free. Instructors are provided by the State Fire Marshal Division.

When is it?
Dates and times are flexible based on your department or agency's needs.

How long is it?
Three hours.

Where is it?
At your department or agency.
