**ENHANCED DRIVER'S LICENSES & ID CARDS
(EDL/EID)**

MARCH 2017

As of February 3, 2014, the State of Minnesota offers Enhanced Driver's License (EDL) and Enhanced Identification Cards (EID). They are dual-purpose card(s) designed for the user's convenience. In addition to serving as a typical driver's license, the card allows a Minnesota resident to re-enter the U.S. at its land or seaports when returning from Canada, Mexico, Bermuda or the Caribbean. An EDL is also available to a driver who qualifies for a commercial driver license (CDL).

This flexibility speeds your passage back across the border. They verify your identity and citizenship—no other proof is required. EDL and EID cards are among the federally-approved border-crossing documents required under the Western Hemisphere Travel Initiative (WHTI).
