

Driver and Vehicle Services (DVS) customers have a faster way to get driver's licenses or identification (ID) cards. DVS has a special "Fast Track" program to expedite our services. For a \$20 fee, the program guarantees that DVS will produce a driver's license or ID card within three (3) business days of application. You must have all required documents completed and correct in order to apply.

Please Note: *DVS disclaimer - DVS does reserve the right, based on the review of the documents and a DVS Supervisor's decision, to deny the processing of any driver license, or ID card as an expedited application.*

If you need assistance, please contact DVS or your local driver's license agent or deputy registrar office.
