Executive Budget Officer

**Subject:** Review of Proposed Rules for Part 7422 - Motorcycle Road Guard Certification

Background

The Department of Public Safety (DPS) proposes rules to govern the certification of motorcycle road guards under MN Rules Chapter 7422.

Pursuant to M.S. 14.131, the Commissioner of Finance has been asked to help evaluate the fiscal impacts and benefits these changes may have on local units of government.

Evaluation

On behalf of the Commissioner of Management and Budget, I have reviewed the proposed rule and related Statement of Need and Reasonableness to explore the potential impact these changes may have on local governments.

The proposed rules apply only to applicants for the Motorcycle Road Guard certificate, and the Driver and Vehicle Services program of the DPS.

Therefore, in my opinion, the proposed changes will not impose a cost on local governments.
