

Non-ARMER Interoperability Resources

As of 10/13/2017

Non-ARMER Interoperability Resources*

 800 MHz National Interoperability Channels

* This map does not detail the ARMER Cross Spectrum Interoperability System, which provides near-statewide coverage of VHF interoperability channels.

For more information about the ARMER program please contact the State Interoperability Coordinator, Jim Stromberg (James.Stromberg@state.mn.us or 651-201-7557).
