Rollout! The 2015 Version MNWALK

September 15, 2014
MNWALK Capability Based Planning

What has been done?
Team met December 7, 2012 to determine the possibility of an updated MNWALK that aligns with the National Preparedness Goal.
Scope

- Update the 2010 MNWALK for 2015 implementation
- New since 2010; THI RA, Whole Community planning, and Mass Care
- Minimal new items added
- Old items consolidated, clarified and streamlined
Mission

To streamline and improve the MNWALK using current best practices and federal guidelines to provide counties with a more understandable and comprehensive document to create resilient communities by using the concept of risk and capability based planning utilizing the Whole community.
Desired Outcome

- With the release of PPD-8; National Preparedness and the National Preparedness Goal, it is necessary to promote Whole Community capability based planning efforts.

- Effectively prepared resilient communities are created using the concept of risk and capability based planning and the whole community approach.
Planning Concerns

MNWALK
- Does not ensure capability planning
- Lacks forced pre-planning
- Checklist only
- Responsible party approval is only recommended
- Requested vs. required
- Too many items to be referred out of EOP
- All items need to be “checked” off for approval for EMPG

National Preparedness Goal
- Different mind set
- On-going document – no checklist to check off for completion
- No proven verification process to assure work is done towards an end goal
- Is THIRA here to stay?
Positives

**MNWALK**
- Current format already accepted by users
- Adding clarification and guidance elements to current items

**National Preparedness Goal**
- Defines the planning process
- Requires whole community involvement
- Scenario based planning with estimated impacts and envisioned desired outcomes
- Utilizing THI RA as a tool to determine how to implement all of these processes
Final Goals

**MNWALK**
- Better preparedness through pre-planning
- Understanding the need to plan with others
- Verification process (performance measures) to assure working toward end goal

**PPD-8 - National Preparedness Goal**
- Core Capabilities linked
- Understanding the need to plan with others
- THIRA is another tool in the toolbox to help accomplish the final goal
National Preparedness Goal Integration

- Used THIRA terminology within items
- Added a column showing the Core Capabilities that fit into that item
- Added Whole Community Partners to each section
SARA Title III

- Reviewed SARA Title III

- Conclusion: SARA Title III section will take a significant amount of time and can not be completed in current time line

- Action Item: Review SARA items in 2016 to be ready for the next MNWALK update
Regional Rep Team

- Met on March 26th
- Reviewed items
- Changes made to many items for better clarification
- Tested document
New Items

23 - Contaminated Foods Inspections
31 - Railway Safety
32 - Red Cross Assessed Shelters/other potential shelters
43 - Resource Manual – Healthcare contacts
45 - Resource Manual – Ag and Soil & Water Contacts
51 - Long Term Recovery Housing
Implementation – Standard Operating Guidelines (SOGs)

4 year implementation schedule based on 16 SOG’s.

Highlights

Local Emergency Operations Plan

Use this form to document each planning requirement's location in your jurisdiction's emergency operations plan. The requirements are consistent with the National Preparedness Goal, Presidential Policy Directive 8, Comprehensive Preparedness Guide 101 & 201, and Emergency Management Preparedness Grant. 

Please fill out the following form. You can save data typed into this form.

Meets Criteria

Reviewer Comments

1. Ensure page listing approval of emergency plan by chief or official. Plan’s version number is included in the document.

2. Include table of contents and a record of revision(s), including date.

3. Identify the agency/department responsible for coordinating plan development and maintenance. Include a plan distribution list.

4. Cite the legal basis (state and federal laws, statues, county and city ordinances, executive orders, regulations, proclamations, etc.) for planning and conducting all-hazard emergency operations.
