*Agency  
Summary*

With regard to the impacts to Minnesota's workforce, there are a number of services available through DEED depending upon whether or not the individual has been laid off.

**Workforce Center Services**

- **Dislocated Worker Program**

A worker who has been laid off (or notified that a layoff is coming) through no fault of their own, DEED will offer services at no cost that focus on preparing individuals to find a suitable new job. In cases of plant closings or mass layoffs of 50 or more workers, DEED has a Rapid

Response Team in place that can bring state services to the actual work site with the employer's cooperation.

- **Unemployment Insurance**

UI benefits provide a temporary partial wage replacement to workers who become unemployed through no fault of their own.

- **Migrant and Seasonal Workers Program**

Through Workforce Centers in key regions of the state, DEED Migrant Labor Representatives focus on helping farm workers find jobs while also providing referrals to other community services.

### **Other Services**

- Resume Building
- Developing Interview Skills
- Assistance Seeking a Job
- Networking Opportunities

DEED will post job loss data each month but it is always at least month behind in the report. For example, a report came out yesterday, on 4/21/15 for unemployment data in March.
