Change of Address or Employment

Inspectors must inform the State Patrol immediately of a change of address or employment by filling out and submitting a change of address or employment form. Failure to inform the State Patrol will result in suspension of the inspector's certification.

Recertification Classes

Inspector certification is valid for two years from the date of certification or recertification. Inspectors must recertify before the date of expiration to maintain an active status. Failure to do so will result in cancellation of your certification and you will not be able to perform inspections or order decals.

You may reactivate your certification within six months following the date of expiration by attending a recertification class. See our [Website](#) for recertification class locations and contact information.

If you do not reactivate your certification within six months following the expiration, your certification will be revoked and you will have to attend a full certification course to have your number reinstated.
