

Vehicle Housed and Maintained Verification Form

Minnesota Statute 169.781

Subd. 9. **Proof of federal inspection.** An owner of a commercial motor vehicle that is subject to and in compliance with federal motor vehicle inspection requirements for vehicles in interstate commerce may apply to the commissioner for a certificate of compliance with federal requirements. On payment of a fee equal to the fee for an inspection decal under subdivision 5, the commissioner shall issue the certificate to the applicant. This subdivision only applies to Minnesota-licensed vehicles that are not housed or maintained in Minnesota.

Per this statute, a Minnesota base plated vehicle, with proof of a federal inspection performed in another state, may be eligible for a Certificate of Compliance, only if the vehicle is housed or maintained outside of Minnesota.

Please include this form with your Certificate of Compliance request.

I verify the following vehicles are housed and maintained at the following location:

Vehicle plates:

Address:
