

Information and Application for
RED LAMP PERMIT

Important Information

Applicant must be a current member of a volunteer fire department, ambulance service, or emergency medical first responder as identified on this application.

A permit issued pursuant to this application:

1. Authorizes the installation of one (1) **non-flashing** red lamp on the vehicle described in the attached application form
 - a. The lens of the red lamp cannot exceed three (3) inches in diameter
 - b. The red lamp will only be lighted when the vehicle is driven by the applicant while proceeding to the location of response equipment, or to the location of a fire or medical emergency.
2. Allows displaying of the lighted red lamp for identification purposes only. No special right-of way or other traffic regulation privileges exist by reason of the red light.
3. Is voided upon termination of my status as a volunteer firefighter, ambulance crew member or emergency medical first responder for the above listed department or service. The red lamp must be immediately removed from the vehicle.

A red turn signal unit designed for trailers is recommended for the red lamp authorized by this permit. If the lens is more than three (3) inches in diameter, the outer periphery of the lens should be internally painted, taped, or otherwise rendered opaque so only the center three (3) inches emits light. Any reflex reflector in the lens must also be obscured.

The red light must be mounted at least four (4) inches away from other lamps and shall not be mounted lower than the bumper nor higher than the top of the dashboard. Dashboard mounting is authorized only if the lamp will not interfere with the driver's field of view.

Data Practices Advisory

You are being asked to provide information that may be classified as private or confidential data under the Minnesota Government Data Practices Act. This information will be used to conduct a limited background investigation prior to the approval of a permit that grants special privileges authorized in Minnesota Statutes Chapter 169.

You are not required by law to supply the requested information, although if you should refuse to supply the information, the background investigation cannot be conducted and the permit will not be issued.

The information that you provide may be released to:

- Persons authorized to have access to the information under state or federal law;
- Persons authorized by court order to have access to the information;
- Persons to whom you give written consent to have access to the information;
- Employees in the Department of Public Safety and other law enforcement agencies who have a need to know the information to fulfill their responsibilities.
