

EXAMPLE:

OUTSIDE VEIW

INSIDE VEIW

TEMPORARY DECAL

The temporary sticker is placed on the windshield by an inspector when a bus fails to pass the inspection but is not rejected. The sticker is valid for 14 days.

If the State fails to re-inspect the bus within 14 days, the owner or his designee may certify repairs have been made by signing a copy of the School Bus Inspection Deficiency Report (PS 18073) and placing it in the first aid kit.
