Trooper Training Academy

Selected trooper candidates attend the State Patrol Trooper Training Academy. Cadets go through advanced training activities in traffic law, crash investigation and specialized investigative techniques. During training, candidates are paid a salary with room and board provided at no cost.

A Time-Honored Tradition

The tradition of protecting and educating motorists traveling Minnesota's roads began in 1929. The following year, 35 men graduated from the first trooper candidate school.

Today, nearly 600 troopers, men and women, patrol more than 12,000 miles of Minnesota highways. Despite the growth and significant advancements throughout the Patrol's history, the original mission remains paramount — assisting motorists and enforcing traffic laws
