

Francis Kingbird

MMIR Office Advisory Council Member

Francis Kingbird (she/her) was born and raised in South Minneapolis and moved to the Bemidji area.

Kingbird is currently the lead MMIR Organizer for MN350 with experience as a Youth Exploitation and Safe Harbor Tribal Coordinator.

Kingbird's goal is to continue to educate families and the communities on how MMIR, Safe Harbor and Human Trafficking are tied together in many ways. Kingbird feels it is important to educate one another on how to remain safe within our own communities to prevent victimization. She would also like to get others to understand how they are needed when playing a role in addressing community and legal awareness of the epidemic of our missing and murdered relatives.
