## List of Sprinklers

A list of the sprinklers installed in the property is to be posted in the Spare Sprinkler Cabinet (frequently referred to as the Head Box). This is in addition to the stock of spare sprinklers and sprinkler wrench(es) that are required to be in the Head Box.

The list shall include the following:

- (1) Sprinkler Identification Number (SIN) if equipped; or the manufacturer, model, orifice, deflector type, thermal sensitivity, and pressure rating
- (2) General description
- (3) Quantity of each type to be contained in the cabinet
- (4) Issue or revision date of the list

**Exhibit 1 – Spare Sprinkler Cabinet**

Sprinklers Contained in this Cabinet			
Sprinkler Identification, SIN	General Description	Temperature Rating, °F	Sprinkler Quantity Maintained
TY9128	Extended Coverage, K-25, upright	155	6
VK425	Concealed pendent residential	145	6

Issued: 10/3/05      Revised:

**Exhibit 2 – List of Sprinklers**

**Exhibit 2** is an example of a list contained in the spare sprinkler cabinet (**Exhibit 1**). The list includes the sprinkler identification (SIN); a general description of the sprinkler, including upright, pendent, residential, ESFR, etc.; and the quantity of sprinklers that is to be maintained in the spare sprinkler cabinet.
