Owners Permission for Fire Marshal Inspection

When charter schools occupy space in an existing private/parochial school building, written permission must be obtained from the owner before the State Fire Marshal will conduct an inspection of the building. This form must be completed and signed; the person requesting the fire inspection must send this form directly to the State Fire Marshal’s Office at the address shown above or given directly to the Deputy State Fire Marshal performing the inspection.

I (print owner’s name) ________________________________ certify that I own the building located at the following address and give my permission for a Deputy State Fire Marshal to inspect the building:

Address: __________________________________________________________
City: ________________________________, State: ___________, Zip: ________

I am aware that ________________________________ has requested a fire inspection be conducted by the Minnesota State Fire Marshal Division to operate a charter school in my building.

Note: By giving this permission, a Deputy State Fire Marshal may conduct an inspection of your entire building. Whether or not the applicant follows through with occupying the space, you, as the building owner, will be responsible for the correction of any violations identified during the inspection.

Owner’s Signature: _________________________________________________
Address (if different from above):_______________________________________
Phone Number: ( ) ______________________ Date: ____________________

**********Any questions about this form should be directed to the State Fire Marshal’s Office**********
