There are three license types:

- 1) The letter C stands for a Fire Protection Contractor: A person who contracts to sell, design, install, modify, alter or inspect a fire protection system or its parts or related equipment.
- 2) The letter D stands for a Designer Contractor: A person who contracts to design a fire protection system or its parts or related equipment.
- 3) The letter L stands for a Limited Contractor: A person who performs fire protection-related work on premises or that part of premises actually occupied by the contractor and owned by the contractor or leased by the contractor for a period of at least one year.
