

Minnesota Fusion Center

Law Enforcement Registration Form

Tennessee Warning

If you are an employee of a Minnesota government unit, data about you are classified as either public or private.* This notice is required by state law because the Minnesota Fusion Center (MNFC) is asking that you provide data that are classified as private. Those data are: a daytime phone number that has not been made public (for example a direct line versus the general number for your agency), mobile phone number, email address, and 24 hrs. contact number. You are not legally required to provide any of the data. If you provide the data, they will be used to contact you about reports, cases and inquiries handled through the MNFC. If you do not provide the requested data, you will not receive Minnesota Fusion Center products. The Minnesota Fusion Center may also provide these private data to other government entities like the U.S. Department of Homeland Security, the FBI, fusion centers in other states, and law enforcement or first responder agencies in other states.

**If you are an undercover officer, all data about you are classified as private. The MNFC does not require that you disclose your undercover status and does not track it. If you register for MNFC products as an undercover officer, the Minnesota Fusion Center will use and share data about you as they do with any other registrant. If this is a problem for your undercover status, please do not register.*

By checking this box I acknowledge that have read and understand the above warning *

Notification E-mail address must be agency affiliated. No personal e-mail addresses.

Please complete the form below, no partial applications accepted.

Minnesota Fusion Center Narcotics Bulletin

School Resource Officer Bulletin

Providing false or misleading information is a violation of Federal Law and may be subject to prosecution under Title 18 USC 1001. I agree to terms and conditions of Membership Terms and Conditions. I agree to abide by all classification and dissemination terms that are placed on all products produced by the MNFC and those that the MNFC disseminates for other agencies. Those terms include but are not limited to: No portion of MNFC documents should be released to the media or general public. MNFC documents contain data protected by state and federal law and are subject to distribution restrictions. Information contained in products disseminated by the MNFC may include "security information" as defined under Minn. Stat. 13.37, Subd. 1 (a). Such data is nonpublic/private data and should not be disseminated to those without authority to receive it. MNFC authorization is required prior to disseminating any MNFC document or portion of outside of the intended recipients' agency. I understand that any release of this information could adversely affect or jeopardize investigative activities. I also understand that the MNFC will use private data I have provided to contact me or to permit others to contact me about information I have provided to or requested from the MNFC.

The MNFC will process your applications in the order that they are received. After you have been properly vetted you will be added to the appropriate distribution lists.
