

## **Office of Traffic Safety Grant Program Guidelines**

### Financial Requirements

Payments under this grant agreement will be made from federal funds obtained by the State under the U. S. Department of Transportation's Assistance Listings Number (ALN) 20.600, 20.608 and 20.616 (section 402 State and Community Highway Safety Grant, National Priority Safety Grants, Minimum Penalties for Repeat Offenders respectively). The grantee is responsible for compliance with all federal requirements imposed on these funds and accepts full financial responsibility for any consequences imposed by the grantee's failure to comply with federal requirements.

### Reimbursement of Funds

Only costs associated with approved activities on this project can be claimed for federal reimbursement. The grantee will report on all expenditures and program income pertaining to this grant agreement. Claims shall be supported by written documentation including receipts, invoices, and personnel time reports. All costs reimbursed with these federal funds must be actual costs to the billing agency. Federal grant funding cannot be used for general costs of government as specified in 2 CFR §200.444.

The State has an obligation to determine if fringe benefit costs to be reimbursed by this grant contract are reasonable. If requested, the grantee must furnish an explanation of the basis for such rates. Fringe benefits must be accounted for separately from salary costs on back-up documentation of invoices.

Expenditures for each state fiscal year of this grant contract must be for services performed within applicable state fiscal years. Every state fiscal year begins on July 1 and ends on June 30. The claim for reimbursement for the project for costs incurred through June 30, 2025 (the first state fiscal year) must be received by July 31, 2025. NHTSA federally funded projects run on the federal fiscal year, beginning on October 1 and ending on September 30. The claim for reimbursement for the project for costs incurred through September 30, 2025 **must** be received no later than October 20, 2025.

### Reporting Requirement

Reporting requirements are those agreed upon terms in the Work Plan that was approved by OTS. All projects require a final report as described in the Work Plan that was approved by OTS.

At minimum quarterly invoices and progress reports are required to be submitted to the OTS on the following schedule at minimum.

A report of no activity must be submitted in lieu of progress report if no activity has been completed.

- Monday, Jan. 20, 2025 All project activity between Oct. 1 and Dec. 31, 2024
- Monday, April 21, 2025: All project activity between Jan. 1 and March 31, 2025
- Monday, July 14, 2025: All project activity between April 1 and June 30, 2025
- Monday, Oct. 20, 2025: All project activity between July 1 and Sept. 30, 2025
- Final Report Requirement, Oct 20, 2025: Providing a summary of the FY

### Match

Matching funds are not a requirement for the grant, however, expenses related to the project that are paid for with state, county, municipal and/or private funding clearly demonstrate a vested interest and real commitment to the project. Appropriate matching funds must be reported on the invoice and documentation for them included with the invoice.

### Budget Revision

The grantee shall submit a written budget revision request and obtain written approval from the OTS Authorized Representative before any expenditure may be made based on a revised budget.

### Record Retention

Under [Minn. Stat. 16B.98, subd. 8](#), the grantee shall retain all financial records for a minimum of six years after the expiration of the grant agreement or until any audit findings and/or recommendations from prior audit(s) have been resolved between the grantee and DPS, whichever is later.

### Program Income

Is any revenue/cash received for an activity funded by the grant or contract? Program income would include a fee for services (such as a registration fee for a conference or class in full or in part subsidized with federal funds) or fees from the sale of commodities or items made with grant funds. The grantee is responsible for tracking all program income with the same level of detail as federal funds and reporting earned income to OTS along with invoices. Program Income must be an addition to the project budget provided by OTS, and can only be used for planned activities or purchases that would be considered allowable expenses.

### Resolutions

If a Resolution from a city council or county board is required from the applicant agency. This resolution authorizing the agency to apply for and accept the grant funding is needed before the project begins. Information and an example of a resolution can be found in the RFP. Deviations from the example (such as including a specific dollar amount or an individual's name rather than title, or changing the date) will likely cause delays in processing grants and may not be acceptable. The OTS is unable to enter into an agreement until the resolution has been passed and a copy has been received by the state's authorized representative.

### Equipment

Because of the strict timelines for final claims for reimbursement, it is usually not possible to order, receive and pay for equipment during the last quarter. Any piece of equipment that costs more than \$5,000 (including taxes, shipping and installation), is subject to the Buy America Act. Whether the NHTSA funds are used for the entire purchase or any portion of the purchase, it must be approved in writing by the NHTSA before it is ordered. Contact the OTS authorized representative to request that approval. Any equipment requested to be purchased, either entirely or partially with grant funding, must be used to support the traffic safety program and pre-approved in writing by the OTS. Further, it shall be used primarily for grant-related purposes during the life of the equipment. The grantee may not deviate from this requirement. The grantee shall be responsible for all operating, maintenance, and repair costs of equipment purchased under this grant contract unless otherwise specified. Title to equipment acquired under this grant contract shall vest upon the grantee. NHTSA may reserve the right to transfer title to equipment purchased with this grant to the Federal government or to a third party when such party is eligible under Federal statute. Grantee must obtain prior written approval from OTS of any plan to trade-in, sell, surplus, or otherwise dispose of any piece of equipment purchased in whole or in part through this agreement.

### Training Requirements

The grantee shall attend meetings and training as required by the Office of Traffic Safety.

### Travel

Travel costs must be planned on a separate line in the budget and discussed in the work plan. When approved, reimbursement for travel and subsistence expenses actually and necessarily incurred by the Grantee as a result of this grant contract will be paid in the same manner and in no greater amount than provided in the current "Commissioner's Plan" promulgated by the commissioner of Employee Relations which is incorporated into this grant contract by reference.

The authorized representative must approve all out of state travel in writing prior to travel.

### Approval of Subcontracts/Partner Agencies

All sub-contracts must be reviewed and approved in writing by the OTS authorized representative before the sub-contracting process begins. The OTS Coordinator must be provided with a copy of the sub-contract, risk assessment and acknowledgment of understanding of certification and assurances, including but not limited to Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion. Invoices from a sub-contract not approved by the OTS Coordinator may not be eligible for federal reimbursement.

### Evaluation and Monitoring

OTS shall have the authority to evaluate and monitor the performance and financial records of the grantee.

### Risk Assessment:

The federal government requires a pre-award risk assessment for all sub recipients, including partner agencies of grantees. The Office of Traffic Safety has a section within the eGrants application, or will provide for contractors to provide the information needed from applying agencies, in order to complete the risk assessment.

### Federal and State Provisions

In accordance with the Acts, the Regulations, and other pertinent directives, circulars, policy, memoranda, and/or guidance, the Recipient hereby gives assurance that it will promptly take any measures necessary to ensure that:

***“No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity, for which the Recipient receives Federal financial assistance from DOT, including NHTSA.”***

The Civil Rights Restoration Act of 1987 clarified the original intent of Congress, with respect to Title VI of the Civil Rights Act of 1964 and other non-discrimination requirements (the Age Discrimination Act of 1975, and Section 504 of the Rehabilitation Act of 1973), by restoring the broad, institutional-wide scope and coverage of these nondiscrimination statutes and requirements to include all programs and activities of the Recipient, so long as any portion of the program is Federally assisted.

### Specific Assurances

More specifically, and without limiting the above general Assurance, the Recipient agrees with and gives the following Assurances with respect to its Federally assisted Highway Safety Grant Program:

1. The Recipient agrees that each “activity,” “facility,” or “program,” as defined in [§ 21.23\(b\)](#) and [\(e\)](#) of [49 CFR part 21](#) will be (with regard to an “activity”) facilitated, or will be (with regard to a “facility”) operated, or will be (with regard to a “program”) conducted in compliance with all requirements imposed by, or pursuant to the Acts and the Regulations.
2. The Recipient will insert the following notification in all solicitations for bids, Requests For Proposals for work, or material subject to the Acts and the Regulations made in connection with all Highway Safety Grant Programs and, in adapted form, in all proposals for negotiated agreements regardless of funding source:

4. **Information and Reports:** The contractor will provide all information and reports required by the Acts, the Regulations, and directives issued pursuant thereto and will permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the Recipient or the National Highway Traffic Safety Administration to be pertinent to ascertain compliance with such Acts, Regulations, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish the information, the contractor will so certify to the Recipient or the National Highway Traffic Safety Administration, as appropriate, and will set forth what efforts it has made to obtain the information.
5. **Sanctions for Noncompliance:** In the event of a contractor's noncompliance with the Nondiscrimination provisions of this contract, the Recipient will impose such contract sanctions as it or the National Highway Traffic Safety Administration may determine to be appropriate, including, but not limited to:
  - a. withholding payments to the contractor under the contract until the contractor complies; and/or
  - b. cancelling, terminating, or suspending a contract, in whole or in part.
6. **Incorporation of Provisions:** The contractor will include the provisions of paragraphs one through six in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Acts, the Regulations and directives issued pursuant thereto. The contractor will take action with respect to any subcontract or procurement as the Recipient or the National Highway Traffic Safety Administration may direct as a means of enforcing such provisions including sanctions for noncompliance. Provided, that if the contractor becomes involved in, or is threatened with litigation by a subcontractor, or supplier because of such direction, the contractor may request the Recipient to enter into any litigation to protect the interests of the Recipient. In addition, the contractor may request the United States to enter into the litigation to protect the interests of the United States.

For the pertinent non-discrimination authorities in DOT Order 1050.2A, Appendix E, see the list of non-discrimination authorities at the beginning of this assurance.

Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.
